NB. Track Records: IAAF/AA Rule - Must always 'round up' time to 0.1 of a second, as hand-timing only accurate to 0.1 seconds.

All Record Performances require 3 stop watches (all rounded up to 0.1 sec, with the middle performance, recognised as the official time). Therefore, quality heats of track events must have 3 watches on the winner to validate any record performance.

For example: 100M: 11.21 (11.3), **11.29 (11.3)**, 11.36 (11.4). **Official Time: 11.3 sec**

800M: 2:10.84 (2:10.9), 2:10.91 (2:11.0), 2:11.04 (2:11.1), **Official Time: 2:11.0 sec**

NBB. (*) Some Field Event Records require confirmation – need further research from old programs.
