

Emergency Management Policy

Rationale

St Patrick's College through its Occupational Health and Safety Policy recognises that it has a legal and moral obligation to provide a safe environment for all students, staff and visitors to the College. St Patrick's College has implemented this policy to ensure that any critical incident and /or emergency involving the College and its community members, is dealt with in an efficient and systematic way. This will ensure the safety of all College community members and other persons that may be involved in an incident requiring a critical and immediate response.

Vision

"Raising Boys to the status of great men"

Scriptural Context

"Are not two sparrows sold for a penny?"

Yet not one of them will fall to the ground apart from the will of your Father. And even the very hairs of your head are all numbered. So don't be afraid; you are worth more than many sparrows." (Matthew 10:30-31)

Policy Statement

St Patrick's College endeavours to provide a safe and supportive environment for all members of the College community. In the case of a critical incident or emergency, the College Critical Incident Team will oversee and ensure every reasonable effort is made to maintain the safety and wellbeing of all staff, students and visitors.

Status of Policy:	Ratified by the College Board June 2015
